NDA – Non-Disclosure Agreement
for the Implementation of Projects in the opencampus.sh Education Program

Between

OPENCAMPUS.SH

- hereinafter referred to as the "Information Provider" -

and

_____ (Full Name)

- hereinafter referred to as the "Recipient of Information"-

Preamble

The person receiving the information wishes to complete a project as part of the opencampus.sh education program. For the implementation of the project information in the form of data & data sets of third parties will be entrusted to the Recipient of Information in advance - for the purpose of processing during the time of the course that is completed for this project. This information is not to be treated publicly and confidentially and is to be used exclusively for the course project. For the Information Provider it is a prerequisite for the transmission of confidential information that the parties conclude a confidentiality agreement.

Therefore, the following agreement is made, which has to be accepted by the Recipient of Information in order to receive the information necessary for the implementation of the project:

§ 1 Subject matter of the contract

For the purposes of this Agreement, "Confidential Information" means information made available in electronic form. This includes in particular the data records transmitted to the Recipient of information.

A piece of information is not considered confidential if it was already publicly known at the time the Recipient of Information obtained knowledge of it or if it became publicly known thereafter with the consent of the Information Provider.

§ 2 Obligations of the Recipient of Information

The Recipient of Information undertakes to treat all confidential information that has come to its direct or indirect knowledge as strictly confidential and not to pass it on or otherwise make it accessible to third parties who are not authorized persons without prior written consent. He undertakes to take appropriate precautions to protect the confidential information.

Confidential Information shall only be disclosed to authorized persons who need to receive it in order to achieve the purpose of this Agreement. "Authorized persons" are course participants working on the same project who already signed this NDA, as well as the organizers and instructors of the course.

The Recipient of Information undertakes to use all information that comes to his knowledge exclusively for the purpose stated in the preamble.

After termination of the cooperation or upon request of the Information Provider, the Recipient shall return, destroy or delete all data, documents and records which embody confidential information, at the discretion of the Information Provider.

The Recipient of Information undertakes to inform the Information Provider without delay if the Recipient of Information becomes aware in his environment during the implementation of the project that confidential information has been disclosed in violation of this Agreement.

§ 3 Compensation for damages

In the event of a culpable breach of the obligations of confidentiality under this contract, a claim for omission or for damages in excess thereof may be asserted against the Recipient of Information.

This agreement comes into force with the acceptance of the Recipient of Information and is not limited in time.

§ 5 Final Provisions

In the event that individual provisions of this agreement are or become invalid in whole or in part, or in the event that this agreement contains unintended loopholes, the validity of the remaining provisions of this agreement shall not be affected. The invalid provision shall be replaced by such valid provision as the parties would have agreed upon, taking into account the purpose of this agreement, if they had been aware of the invalidity or absence of the provision in question at the time of the conclusion of this agreement.

This agreement shall be governed by the laws of the Federal Republic of Germany.

I, the Recipient of Information, accept the present confidentiality agreement for the implementation of the course project at opencampus.sh.
